Mechanical Engineering Department

Summary Report of one day SEMINAR

The one day SEMINAR on “ THERMAL ENERGY STORAGE SYSTEMS” was organized by Department of **Mechanical Engineering**. The event was schedule on 21/04/2022.A total of 90 participants comprising principal, Head of the Mechanical department, faculty members and students of MECH department attend the program.

The program started at 09:00 am with prayer song by Mr.G.Babu Prasad, Assistant Professor, Department of MECH, followed by welcome address by Mr.G.Narendranath Assistant Professor, Department of MECH to resource person and participants , Mr.S..Bhaskar, Head, Department of MECH introduced by resource person.

The session is handover to the Guest Speaker PROF. E.ANIL KUMAR IIT,TIRUPATI he explains about “ THERMAL ENERGY STORAGE SYSTEMS” **Thermal energy storage (TES)** is achieved with widely different technologies. Depending on the specific technology, it allows excess thermal energy to be stored and used hours, days, months later, at scales ranging from the individual process, building, multiuser-building, district, town, or region. Usage examples are the balancing of energy demand between daytime and nighttime, storing summer heat for winter heating, or winter cold for summer air conditioning (Seasonal thermal energy storage). Storage media include water or ice-slush tanks, masses of native earth or bedrock accessed with heat exchangers by means of boreholes, deep aquifers contained between impermeable shallow, lined pits filled with gravel and water and insulated at the top, as well as eutectic solutions and phase-change materials.

In the interactive session, the queries and Guest Lecture clarification of the participants were addressed by the resource person. The participants has been given the feedback about the session

The session is ended with the vote of thanks by Mr D.Dinesh Assistant Professor, Department of MECH

Finally we closed this workshop program with National Anthem.

More than 85 participants were benefited from the SEMINAR

Summary on Lecturer

Submitted to the principal

The department of CSE and IPR Cell together arranged a lecturer on 30.08.2022 on “Intellectual property rights and its overview” for faculties of SEAT. The lecturer was conducted by Dr. Sujeeth.T Associate professor, dept of CSE. Dr Sujeetha. T having 2 patents on his name. He was welcomed by HoD CSE Mr. Anand Reddy during the session the following points were discussed

1. What is patent?
2. What can and cannot be patent?
3. How to apply for patent?
4. How much money and time involved in patenting.
5. Explained role and benefits of private and government patenting agencies.
6. Difference between patent, copyrights and reserved is explained.
7. Introduced the audience with various patenting sites
8. Solved the quires aroused by faculties.

Overall 25 faculties attended the session. The image and attendance sheet is enclosed with this letter.

Thanking you,

Summary Report on Seminar

A Workshop on “Entrepreneurial Development” was conducted by department of MBA on 10th March 2023. A total of 109 comprising Head of MBA department, faculty members of MBA department attended the Seminar.

The Program started at 10:00am with prayer song by Ms.K.Yasaswini, Assistant Professor, Department of MBA, followed by welcome address by Mrs.P.Gnana Prasuna, Assistant Professor, Department of MBA to resource person and participants, Mr.P.Bayya Reddy, Head of MBA department introduced by resource person.

The session is handover to the guest speaker **Mrs.M.B.Jyothi**, Assistant Professor, Siddhartha College, Tirupati.

The Speaker explains briefly about entrepreneurs, she described that entrepreneurs are a pivotal part of any economy and are considered more of a national asset because of the immense contribution they make. be it bringing new employment opportunities or adding to the growth and development of

As a field of study, Entrepreneurship has become a prominent discipline in the present world as more and more students are getting interested in understanding its prominence.

The entire program was an interactive session and the speaker answered many queries raised by the participants,

The session ended with the vote of thanks proposed by Prof.P.Niranjan Reddy,Professor, Department of MBA.

The entire program was coordinated successfully with the support of the principal and faculty.

Finally we closed this Workshop with National Anthem.

Meeting password 4Y1pQ3333333 (40977333 from video systems)

Please note the following points regarding the said session:-

1. App installation is not mandatory for joining from Smartphones. Please turn on the Desktop Site mode in Browser Settings after clicking on the webinar link to join the meeting directly from the phone browser.

2. Registration using the above mentioned link is mandatory for generation of certificates. Kindly request the participants to register with proper details in the said form.
3. Being an outreach programme aimed to promote awareness on IPR, higher registration is expected to have a full session on maximum capacity. So, kindly circulate both the links widely to encourage maximum registration of interested persons for participation.

Please find the necessary attachments with samples pertaining to the Flyer/poster preparation of the webinar if required for wide circulation purpose. Kindly provide a copy of any flyer/poster if prepared by the institute regarding the said webinar session.

Respected sir,

with reference to your reply, we would like to thank you for immediately accepting our proposal to conduct an online Awareness workshop programme on IPR. We confirm the date and time as 3rd February 2023, 3 PM. Kindly send the link for Cisco Webex meet as early as possible.

On Fri, Jan 20, 2023 at 2:10 PM ARNAB BHATTACHARYYA <arnabb_ipo@gov.in> wrote:

Respected Sir,

Thank you for expressing your interest regarding the IPR awareness programme. I wish to inform you that the online webinar on IPR awareness programme for any interested person is conceptualised in the following format.

Mode & Platform : Online at Cisco Webex meet hosted by The Patent Office Kolkata with maximum 1000 participants per session

Duration of program : 1 hour approx. per session

Certification : Certificates by the Govt. of India shall be issued to all the participants & Appreciation Certificates shall be awarded to the Institution and the Co-Ordinator of the program in their registered email address.

Please note that depending on the number of participants in the institution, multiple sessions can be organized as per requirements and the program is conducted free of cost.

The tentative dates for the session may be proposed by the institute as per mutual convenience subject to the availability of webinar slots and a registration link will be provided for registration which is compulsory for generation of certificates and a webinar joining link will be provided for circulation to the participants.

Please note that being an outreach programme aimed to promote basic awareness on IPRs, higher registrations and participations are expected to have successful session of full capacity.

In view of the above, you are requested to kindly confirm any of the following dates of 02/02/2023 or 03/02/2023 or 06/02/2022 at 3PM - 4 PM time slot as per convenience of the institute. For any further clarification the undersigned may be contacted as per details provided below.

Summary

Date: 23/12/2021

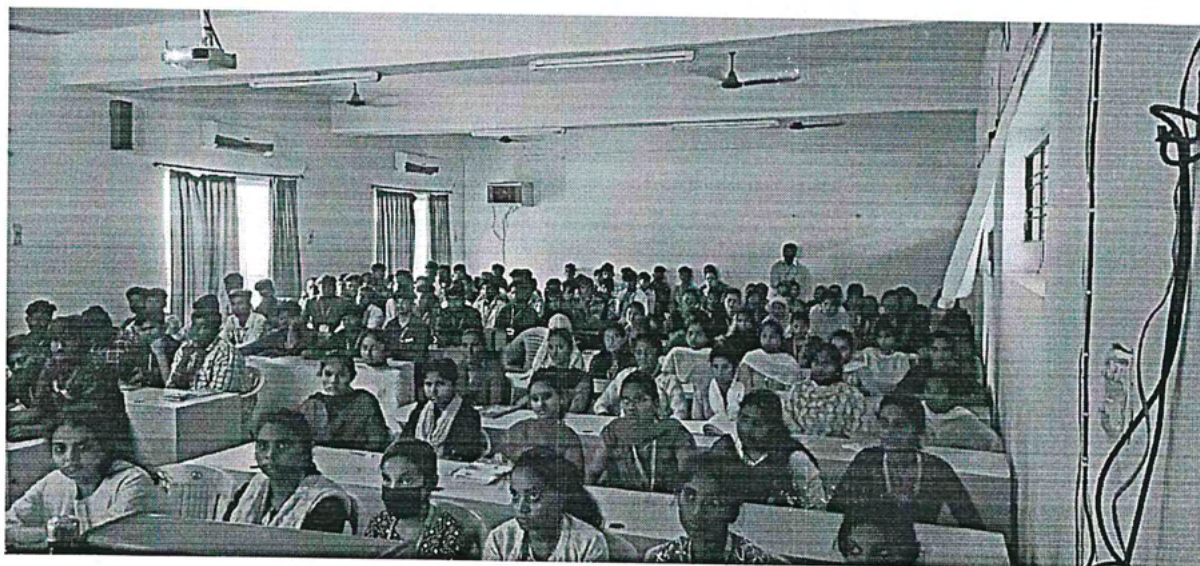

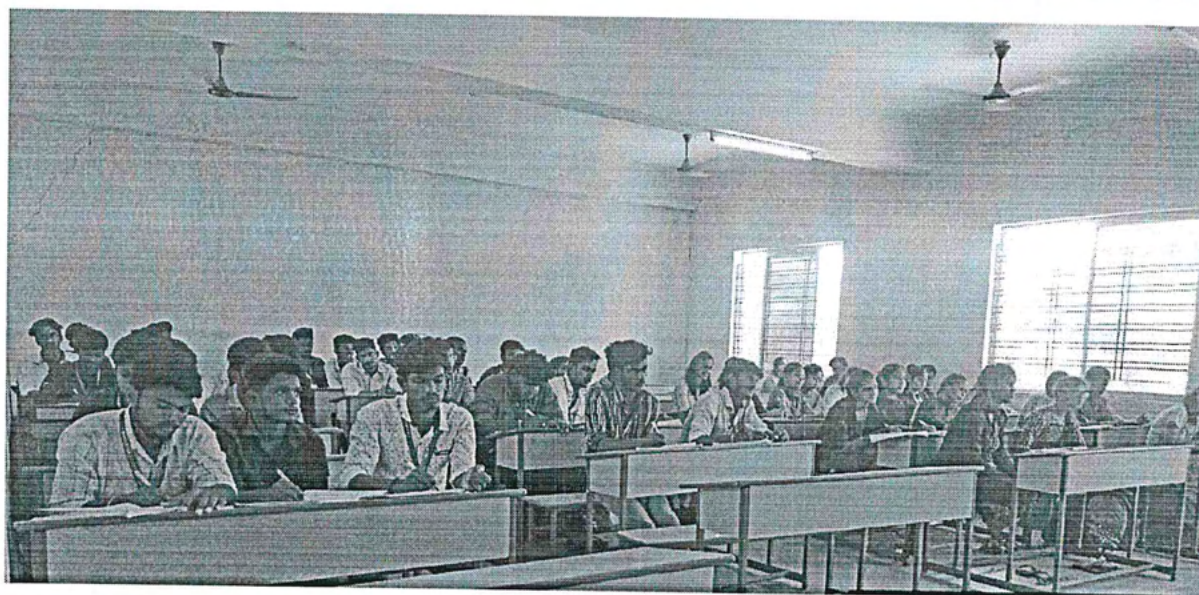

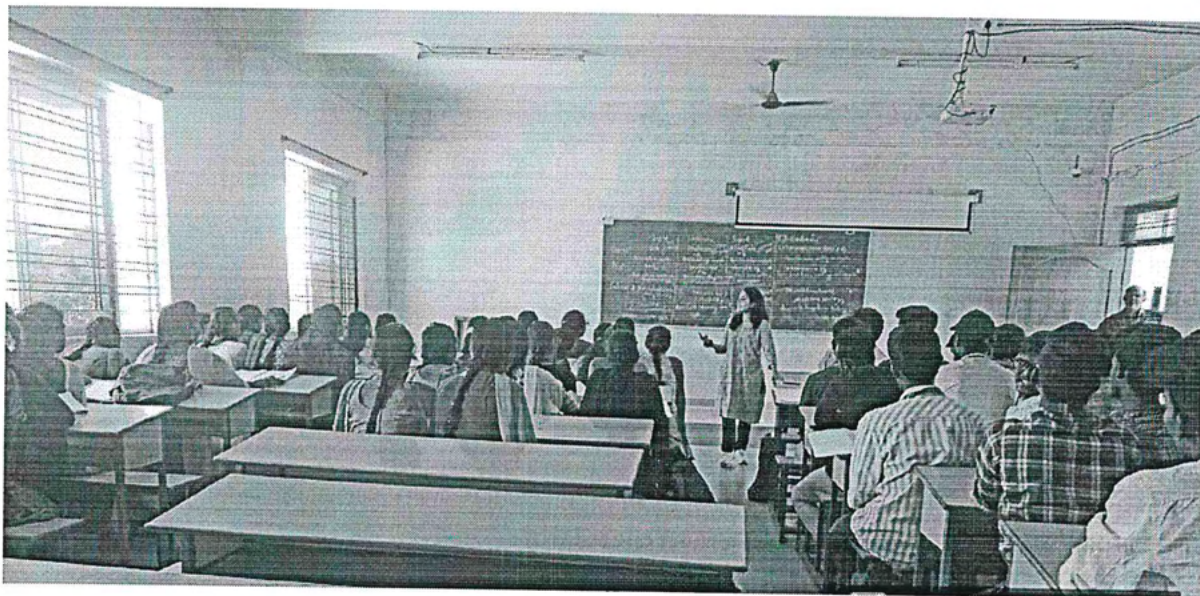

The program began at 9.00 in the morning. All the registered students and faculty members gathered in the seminar hall. Initially, Principal Prof. K. Rajasekhar addressed the students and faculty members.

The presentation on ‘Conducting Polymers, their Properties and Applications’ began at 10 A.M, by Mrs. K. Kusuma. She firstly, defined Polymers and focussed on Conducting Polymers, its applications. She also emphasised on the properties and applications of Polymers in Electronics, Manufacturing of Chemical Sensors, Electromagnetic Shielding, antistatic coatings, and Corrosion Inhibitors. The speaker also spoke about the ongoing research in the field of Conducting Polymers.

At 1.00 PM lunch break was given to all. After the lunch break all gathered again. In the afternoon session the speaker, Mrs. K. Kusuma took questions from the students and also clarified the doubts of the students. In the end, all faculty members felicitated the speaker and finally the program concluded with a vote of thanks proposed by Mrs. K. Deepika, faculty of Chemistry.

Electrical and Electronics Engineering Department

Summary Report of one Day workshop

The one day workshop on “Smart grid” was organized by Electrical and Electronics Engineering Department in association with Data Point Hyderabad as a part of Department Activity .The event was scheduled on 13th November 2021. A total of 98 participants comprising Principal, Head of the Department, faculty members and students attended the program.

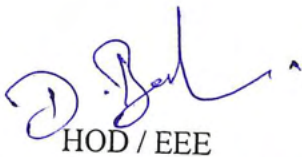

The program started at 10:00AM with prayer song by Ms. M sunitha and team from III EEE. This was followed by a welcome address by Mr. K. Raj Kumar Assistant Professor, Department of EEE and Mr. D BalaSubramanyam, Head; Department of EEE introduced the resource person.

The first session is handed over to the Guest Speaker Mr.Sandeep, Sr. Trainer, Data Point , Hyderabad. He explained about Smart grid, It integrates renewable energy sources, energy storage, and automation technologies to improve efficiency.

The next session is on Smart grid real-time monitoring of energy consumption. He explained about Smart grids facilitate demand response programs, allowing consumers to adjust their electricity usage based on price and grid conditions. The session ended at 3:50 PM.

The session ended with the Vote of thanks by Mrs. G.Kavitha, Assistant Professor, and Department of EEE.

Finally the workshop program concluded with the National Anthem.

ELECTRONICS AND COMMUNICATION ENGINEERING DEPARTMENT

Summary Report for Two Days Workshop

The one day Workshop on “**SATELLITE COMMUNICATION**” was organized by Electronics and Communication Engineering Department with associate with SVCET, Chittoor. The event was schedule on 8th November 2023. A total of 80 participants comprising principal, Head of the department, faculty members and students attend the program.

The program started at 10:00am with prayer song by Ms. S. Thulasi and team III ECE students followed by welcome address by Mr.T. Venkata Ramana Assistant Professor, Department of ECE to resource person and participants and Mr. K Purushotham Prasad, Head, Department of ECE introduced resource person.

The Day -1 session is handover to the Guest Speaker **Mr. D Srihari, Professor , Dept. Of ECE, SVCET, Chittoor. A.P.** He explains about Satellite communication. He explains how an satellite was working. how transponders in satellite was receiving and amplifying and then re-transmits signals.

The next session begin with Geostationary Satellites. He told that there are 2 kinds of manmade satellites in the heavens above: One kind of satellite ORBITS the earth once or twice a day, and the other kind is called a communications satellite and it is PARKED in a STATIONARY position 22,300 miles (35,900 km) above the equator of the STATIONARY earth. The Day -1 session is ended at 3:50 pm

In the interactive session, the queries and clarification of the participants were addressed by the resource person. The participant has been given the feedback about the -2 sessions.

The session is ended with the vote of thanks by Mr. K Ramesh Assistant Professor, Department of ECE.

Finally we closed this workshop program with National Anthem.

More than 80 participants were benefited from the workshop.

Civil Engineering Department

Summary Report of one day Workshop

The one day Workshop on “PROJECT PLANNING AND MANAGEMENT USING PRIMAVERA” was organized by Department of Civil Engineering. The event was schedule on 23rd OCTOBER 2021. A total of 50 participants comprising principal, Head of the Civil department, faculty members of all departments attended the program.

The program started at 10:00 am with prayer song by Ms. V.Priyanka Reddy , Assistant Professor, Department of CIVIL, followed by welcome address by Mr.S.AMANULLA Assistant Professor, Department of CIVIL to resource person and participants S.MOHAMMAD ABRARTAHA, Head, Department of CIVIL introduced by resource person.

The session is handover to the Guest Speaker Mr.D.THEJA,DESIGN ENGINEER,IL&FS ENGINEERING AND CONSTRUCTION COMPANY, he explains about “PROJECT PLANNING AND MANAGEMENT USING PRIMAVERA” . The main objective of workshop is to understand the role of monitoring and control during complete progress of construction work. After complete analysis on Primavera P6 through literature and methodology, it was observed that planning, scheduling, tracking can be done efficiently due to which the time duration of completion of any project can be reduced. Therefore after the keen knowledge of the software primavera p6 anyone can monitor and control the project in terms of time and cost which leads to cost optimization. Primavera helps in managing multiple project at the same time very efficiently and provides a controlled window in the project; primavera helps in managing resources and effectively work in resource leveling as well as help in the smooth flow and effectiveness of project in a construction project. In this study I was able to understand the role of monitoring, analyzing problem and control in the progress and timely completion of a construction project. It is very necessary for the planning team to carefully select and decide the activity accordingly and provide Activity ID, it helps in smooth flow of work according to scheduled program. So useful terms like start date, end date, original duration, taskbar, Gantt chart, remaining duration are present in the table to provide a clear view of the things going in the project and to provide a better understanding to the user for efficient scheduling. The study also helped me in identifying problem that arise during the process. The software is less time consuming and require no paper work, it provides detailed knowledge of cost, time, working hours, and update made in the project it helps in better tracking of the project by the method of finding out critical activity which can be given special concern to avoid delay in the project, it helps in reduction of labor cost up to 5%. This study proved to be a guide line in understating the progress of construction.

Mechanical Engineering Department

Summary Report of one day GUEST LECTURE

The one day Guest Lecture on “ HYDROGEN/FUEL CELL VEHICLES” was organized by Department of **Mechanical Engineering**. The event was schedule on 21 st October 2021.A total of 85 participants comprising principal, Head of the Mechanical department, faculty members and students of MECH department attend the program.

The program started at 09:00 am with prayer song by Mr.G.Babu Prasad, Assistant Professor, Department of MECH, followed by welcome address by Mr.G.Narendranath Assistant Professor, Department of MECH to resource person and participants , Mr.S..Bhaskar, Head, Department of MECH introduced by resource person.

The session is handover to the Guest Speaker Dr. F.ANAND RAJU,ASSOCIATE PROFESSOR, DEPT OF MECH SIETK,PUTTUR, he explains about “ HYDROGEN/FUEL CELL VEHICLES” Vehicles running on hydrogen technology benefit from a long range on a single refuelling, but are subject to several drawbacks: high carbon emissions when hydrogen is produced from natural gas, capital cost burden, low energy content per unit volume at ambient conditions, production and compression of hydrogen, the investment required to build refuelling infrastructure around the world to dispense hydrogen, and transportation of hydrogen.

As of 2019, 98% of hydrogen is produced by steam methane reforming, which emits carbon dioxide. It can be produced by electrolysis of water, or by thermochemical or pyrolytic means using renewable feedstocks, but the processes are currently expensive. Various technologies are being developed that aim to deliver costs low enough, and quantities great enough, to compete with hydrogen production using natural gas

In the interactive session, the queries and Guest Lecture clarification of the participants were addressed by the resource person. The participants has been given the feedback about the session

The session is ended with the vote of thanks by Mr D.Dinesh Assistant Professor, Department of MECH

Finally we closed this workshop program with National Anthem.

More than 80 participants were benefited from the Guest Lecture
