WORKSHOP ON "HVDC TECHNOLOGY"

PHOTOS OF ONE DAY WORKSHOP ON HVDC TECHNOLOGY:

The High Voltage Direct Current (HVDC) transmission system uses direct current for the transmission of power over long distances. The HVDC transmission system provides efficient and economic transmission of power even to very long distances that meet the requirements of growing load demands. Due to its simple constructional feature and less complexity, research and development authority discovered its usage in modern power transmission.

Electrical and Electronics Engineering Department

Summary Report of one Day workshop

The one day workshop on “HVDC TECHNOLOGY” was organized by Electrical and Electronics Engineering Department in association with data point Hyderabad as a part of the department Activities .The event was scheduled on 28th December 2019. A total of 45 participants comprising Principal, Head of the Department, faculty members and students attended the program.

The program started at 10:00AM with prayer song by Ms. Mekala Sireesha and team from III EEE. This was followed by a welcome address by Mr N.V Ramanaiya Assistant Professor, Department of EEE and Mr. D Bala Subramanyam, Head, Department of EEE introduced the resource person.

The first session is handed over to the Guest Speaker Mr .Tejeshwar Rao, Sr. Trainer, Data Point

, Hyderabad. He explained about HVDC technology, transmitting electricity over long distances with lower losses.

The next session is on interconnecting asynchronous grids. He explained about how HVDC technology is used for several purposes. The session ended at 3:50 PM.

The session ended with the Vote of thanks by Ms.E. Rekha, Assistant Professor, and Department of EEE.

Finally the workshop program concluded with the National Anthem.

Summary Report on Seminar

A Seminar on “BUSINESS ETHICS” was conducted by department of MBA on 7th September 2018. A total of 80 comprising Head of MBA department, faculty members of MBA department attended the Seminar.

The Program started at 10:00am with prayer song by Mrs.K.Hima Bindu, Assistant Professor, Department of MBA, followed by welcome address by Mrs.M.B.Jyothi, Assistant Professor, Department of MBA to resource person and participants, Mr.P.Bayya Reddy, Head of MBA department introduced by resource person.

The session is handover to the guest speaker **Dr.S.Mahesh**, Program Manager, WPP Advertising company & he spoke on the “BUSINESS ETHICS”, Benefits of Business Ethics, Unethical Practises, Ethics for Managers etc..

The entire program was an interactive session and the speaker answered many queries raised by the participants,

The session ended with the vote of thanks proposed by Prof.P.Niranjan Reddy, Professor, Department of MBA.

The entire program was coordinated successfully with the support of the principal and faculty.

Summary Report for Two Days Workshop

The two day's Workshop on "Advances in COMMUNICATION SYSTEMS" was organized by Electronics and Communication Engineering Department with associate with JNTUA Ananthapuramu, AP. The event was schedule on 30th and 31th January 2019. A total of 95 participants comprising principal, Head of the department, faculty members and students attend the program.

The program started at 10:00 am with prayer song by Ms. K Divya and team II ECE students followed by welcome address by Mr.T. Venkata Ramana Assistant Professor, Department of ECE to resource person and participants and Mr. P Sai Prasad, Head, Department of ECE introduced resource persons.

The Day -1 session is handover to the Guest Speaker Mrs. G. Mamatha, ASSOCIATE PROFESSOR,, Dept of ECE. JNTUA, Ananthapuramu, AP. ..She explains about Advances in communication systems. She explains clearly about wireless communications technologies like Bluetooth which is useful for below 10 meters and Wi-Fi which is useful up to 100 meters.

The next session begin with modulation techniques, which encourage participants towards mobile communication. He explains about working of mobile communications. The Day -1 session is ended at 3:50 pm

The Day – 2 sessions is continued by the guest speaker Mrs. G. Mamatha, ASSOCIATE PROFESSOR,, Dept of ECE. JNTUA, Ananthapuramu, AP. In this session, she was deeply explained about the concepts time division multiplexing and frequency division multiplexing. .

In the later sessions she discussed multiple access techniques like TDMA, FDMA & CDMA. She also explained about carrier sence multiple access techniques .At last she discussed about how the communication systems are developed now a days.

Summary

Date: 21/01/2019

The program began at 9.00 in the morning. All the registered students and faculty members gathered in the seminar hall. Initially, Principal Prof. K. Rajasekhar addressed the students and faculty members.

The presentation on ‘Applications of Nano-Materials began at 10 A.M, by Mrs. V. Bebi. She firstly, defined Nano Materials and focussed on its applications. She also emphasised on the applications of Nano Materials in the areas of Electronics, Energy, Biomedicine, Environment, Food, and textile industry. The speaker also spoke about the ongoing research in the field of Nano Materials.

At 1.00 PM lunch break was given to all. After the lunch break all gathered again. In the afternoon session the speaker, Mrs. V. Bebi clarified the doubts of the students. In the end, all faculty members felicitated the speaker and finally the program concluded with a vote of thanks proposed by Mrs. K. Deepika, faculty of Chemistry.

Civil Engineering Department

Summary Report of one day Workshop

The one day Workshop on “STRUCTURAL AND FOUNDATION ANALYSIS” was organized by Department of **Civil Engineering**. The event was schedule on 27/10/2018. A total of 80 participants comprising principal, Head of the civil department, faculty members of all departments attend the program.

The program started at 10:00 am with prayer song by Ms. P. Roopasri, Assistant Professor, Department of CIVIL, followed by welcome address by Mr. S. Vinodh Kumar, Assistant Professor, Department of CIVIL to resource person and participants , Mr. K. Gopi Krishna, Head, Department of CIVIL introduced by resource person.

The session is handover to the Guest Speaker Mrs. S. MOUNIKA, Structural Engineer, Quest Global, he explains about “STRUCTURAL AND FOUNDATION ANALYSIS” . Structural engineering is the field of engineering particularly concerned with the design of economical and efficient load-bearing structures. Within the civil engineering, it is largely the implementation of mechanics to the design of the large structures that are fundamental to basic living, such as buildings, bridges, walls, dams, and tunnels. Structural engineers need to design structures that do not collapse or behave in undesirable ways while serving their useful functions. Structural design is the process of determining location, material, and size of structural elements to resist forces acting in a structure. A structure essentially consists of two parts, namely the super structure which is above the plinth level and the substructure which is below the plinth. Substructure is also known as the foundation and this forms the base for any structure. The soil on which the foundation rests is called the “foundation soil”.

In the interactive session, the queries and clarification of the participants were addressed by the resource person. The participants has been given the feedback about the session

The session is ended with the vote of thanks by Mr K. Raja Assistant Professor, Department of CIVIL

Finally we closed this workshop program with National Anthem.

More than 80 participants were benefited from the workshop.

Mechanical Engineering Department

Summary Report of one day SEMINAR

The one day SEMINAR on “ADVANCED MANUFACTURING PROCESSES” was organized by Department of **Mechanical Engineering**. The event was scheduled on 21/08/2018. A total of 90 participants comprising principal, Head of the Mechanical department, faculty members and students of MECH department attend the program.

The program started at 09:00 am with prayer song by Mr.G.Babu Prasad, Assistant Professor, Department of MECH, followed by welcome address by Mr.G.Narendranath Assistant Professor, Department of MECH to resource person and participants, Mr.D.Mallikarjuna Reddy, Head, Department of MECH introduced by resource person.

The session is handed over to the Guest Speaker PROF.J.UDAY PRAKASH VELTECH, AVADI he explains about “ADVANCED MANUFACTURING PROCESSES” **Advanced manufacturing** is the use of innovative technology to improve products or processes, with the relevant technology being described as advanced, innovative or cutting edge. Advanced manufacturing industries increasingly integrate new innovative technologies in both products and processes. The rate of technology adoption and the ability to use that technology to remain competitive and add value to define the advanced manufacturing sector.

World class manufacturing (WCM) integrates the latest-generation machinery with process/work systems to facilitate manufacturing based business development governed around manufactured products only, duly based over a high accent on product substitution or new product development.

Advanced manufacturing centers upon improving the performance of US industry through the innovative application of technologies, processes and methods to product design and production.

In the interactive session, the queries and Guest Lecture clarification of the participants were addressed by the resource person. The participants have been given the feedback about the session.

The session is ended with the vote of thanks by Mr D.Dinesh Assistant Professor, Department of MECH

Finally we closed this workshop program with National Anthem.

More than 85 participants were benefited from the SEMINAR

Summary

Date: 20/08/2018

In the morning 10.00 am of the day of workshop all the registered students and faculty members were gathered at e-class room of SEAGI. Initially the principal Dr. K. Raja Sekhar sir started the meeting by welcoming the all students and faculty members. Also he has given a speech on 'how mathematics are playing key role in modern engineering and technology'

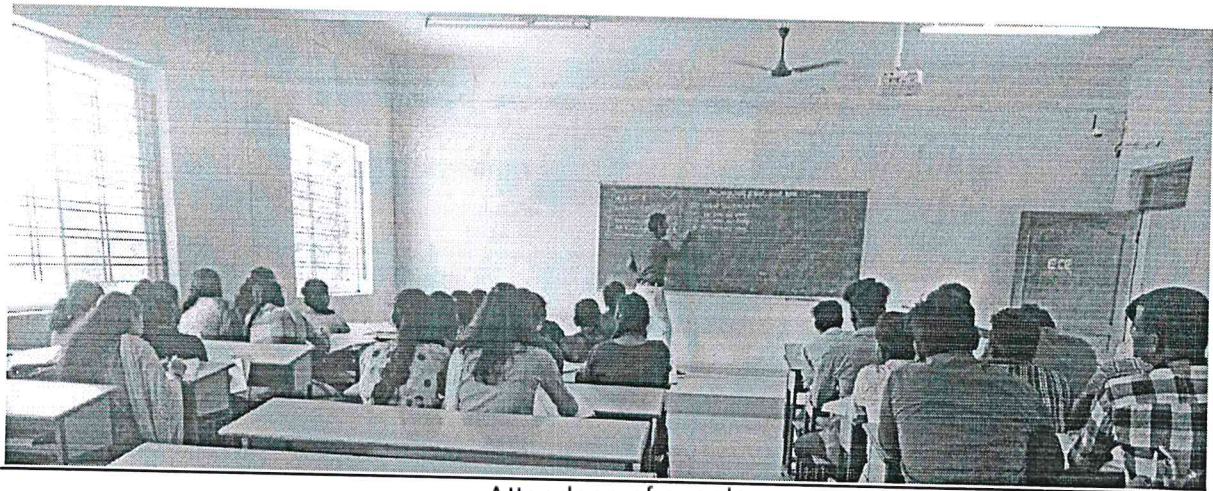

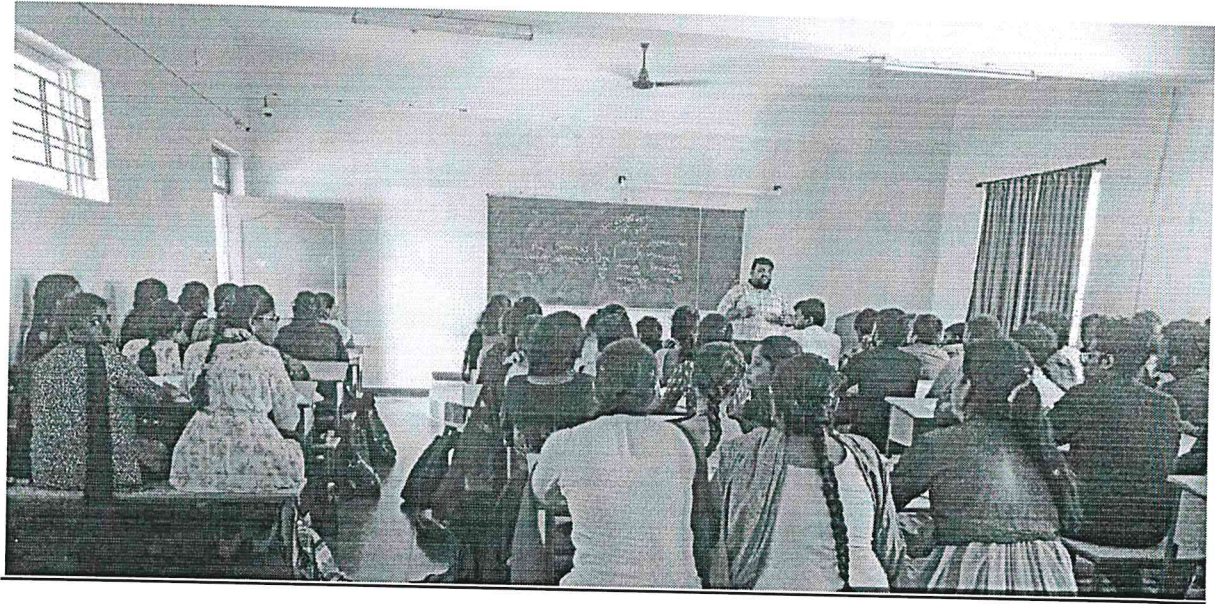

At the 11.00 pm Dr. P. Ravi sir started his presentation on 'ROLE OF MATHEMATICS IN ENGINEERING'. Throughout the presentation he has discussed various applications of mathematics in

- i) Civilengineering (constructions& optimization)
- ii) Mechanical engineering
- iii) Electronic & communication engineering(Fourier series, Laplace transforms& Z- transforms)
- iv) Electrical & Electronics Engineering (first ,second & higher order linear differential equations)
- v) Computer science & engineering(logical gates& posets)

At 1.30 pm lunch break has given to all. After the lunch break all gathered again. In the afternoon session the speaker Dr. P. Ravi sir has cleared the doubts of students, after that all faculty members felicitate the speaker and finally the program has completed by giving vote of thanks by Mrs. K. Thriveni faculty of mathematics.

**A Summary Report of
Workshop on
Soft skills & Development**

A Workshop on “Soft skills and Development” was conducted by department of MBA during **11-03-2019 to 12-03-2019**. A total of 84 students of MBA department attended the Workshop.

The Program started at 10:00am with prayer song by Mrs.M.B.Jyothi, Assistant Professor, Department of MBA, followed by welcome address by Ms.K.Hima Bindu, Assistant Professor, Department of MBA to resource person and participants, Mr.P.Bayya Reddy, Head of MBA department introduced by resource person.

The session is handover to the guest speaker, Dr.Mahesh Pavan, Soft skills Trainer & he spoke on the promience of Softskills, The entire program was an interactive session and the speaker answered many queries raised by the students.

The session ended with the vote of thanks proposed by, Mrs.A.Usha Rani, Assistant Professor, Department of MBA.

The entire program was coordinated successfully with the support of the principal and faculty.

Finally we closed this seminar with National Anthem.

Computer Science and Engineering Department

Summary Report for Two Days Workshop

The Department of Computer Science and Engineering, organized a workshop on INTRODUCTION OF PYTHON for students of CSE, on 19-07-2018 to 20-07-2018. Totally 74 students are participate this workshop. The Workshop first day deal with the basic ideas of Python and how to code in the Anaconda navigator. Hands-on practical session about python introduction variable using variables, understanding data types using operators, writing statements and comments using conditional statements, if(), else if() and else if condition statement, creating an array, modifying array elements and processing arrays with loops.

The second day was continued with Python & MySQL. Hands-on practical session in creating database connectivity using Python & MySQL queries like MySQL CONNECTIVITY, INSERT, and UPDATE, SELECT, DELETE and VIEW. They also gave information about Data analytics and Visualization like graphical representation. Later, Individuals projects based on Python & MySQL were discussed. The two-day workshop designed for the beginners to understand the Python Programming & its use with MySQL.

To

The Principal,

SEAGI,

Tirupati.

Respected sir,

Sub: Requesting permission for conducting one day workshop– reg.

We are planning to conduct one day workshop on “**ADAPTIVE SIGNAL PROCESSING**” for students to enhance their knowledge in recent trends. I request you to grant permission to conduct workshop on 23-07-2018.

Thanking you sir,

Resource person

Dr. C. Subhas,
PROFESSOR , Dept. Of ECE.
SVNE,A. Rangampet,
Chittoor. A.P.

Yours sincerely,

(P. Sai Prasad)

Circular

Date: 17.07.2018.

All the staff and students are hereby informed that Electronics and Communication engineering department is organized a one day workshop on “**ADAPTIVE SIGNAL PROCESSING**” by Dr. C. Subhas, Professor , Dept. Of ECE. SVNE, A. Rangampet, Chittoor. A.P. on 23.07.2018. So, all the IV year students are instructed to attend the program without fail.

Venue: ECE seminar Hall

Timings: 10 am onwards

ELECTRONICS AND COMMUNICATION ENGINEERING DEPARTMENT

Summary Report for Two Days Workshop

The one day Workshop on “**ADAPTIVE SIGNAL PROCESSING**” was organized by Electronics and Communication Engineering Department with associate with SVNE, Chittoor. The event was schedule on 23rd JULY 2018. A total of 70 participants comprising principal, Head of the department, faculty members and students attend the program.

The program started at 10:00am with prayer song by Ms. SANGA JAAHNAVI and team IV ECE students followed by welcome address by Mr.D Vijayakumar Reddy Assistant Professor, Department of ECE to resource person and participants and Mr. P Sai Prasad, Head, Department of ECE introduced resource person.

The Day -1 session is handover to the Guest Speaker Mr Dr. C. Subhas, Professor , Dept. Of ECE. SVNE, A. Rangampet, Chittoor. A.P. He explains about **adaptive signal processing** . He explains that Adaptive filter is essentially a digital filter with self Adjusting characteristics. It adapts, automatically, to changes in its input signals. Strictly speaking adaptive filters are nonlinear, as they involve hard outputs instead of soft outputs

The next session begin with Filter Structures. He told that Conventional adaptive filters are linear. There are two types of filters. The structures of the filter are Finite impulse response (FIR) (Transversal -- Lattice -- Systolic array) and Infinite impulse response (IIR). The session is ended at 3:50 pm

In the interactive session, the queries and clarification of the participants were addressed by the resource person. The participant has been given the feedback about the -2 sessions.

The session is ended with the vote of thanks by Mrs. N. Pavithra Assistant Professor, Department of ECE.

Finally we closed this workshop program with National Anthem.

More than 70 participants were benefited from the workshop.
