LETTER OF RECOMMENDATION

I am Pleased to recommend my student Mr. Sai Nithin Yarrapureddy , who is applying for a Master's program in Computer Science at your university. I have known him as a student of high caliber who had been under my guidance. I have handled courses like Micro Processor and Interface, Digital Logic and design , during which he exemplified himself as a strikingly modest student with ability to analyze and understand the concepts with ease.

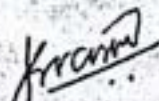

He has excellent communication and interpersonal skills, enabling him to convey his views and ideas in a lucid manner. He is an extremely motivated and ambitious student which is highly augmented by his dedication towards knowledge acquisition. As per my observations in the related practical sessions, he stood unique with his innovative ideas and with an instinctive tenacity to put them into practical use. His systemic approach and thirst for knowledge is well and good.

He is an amiable person, able to work as a part of a team and also individually. His spectrum of talent is not restricted to academics alone; he has set foot in most of the activities hosted by the college specifically our state level technical symposium and has also been able to guide his peers. I am impressed by his enthusiasm in volunteering and his capabilities in organizing and spearheading various activities of the department during his four years of study in the College.

Mr. Sai Nithin Yarrapureddy is a multifaceted student with accomplishments throughout his academic career. I wish to add that, his academic performance attribute to his interest in pursuing a master's degree. I have no doubt in his capabilities and I strongly recommend him for a master's program at your renowned institute with maximum financial aid possible.
