LETTER OF RECOMMENDATION

It gives me immense pleasure to write the letter and can offer the highest recommendation for my student Mr. Puttha Sai Krishna Kumar Reddy for admission to the Master's Program at your University.

I have known him as an undergraduate student in the department of Electrical and Electronics Engineering. I had the opportunity to observe and appreciate his academic caliber as well as the versatility of his personality.

I have been his faculty for the course of Power Systems-I and Power Systems-II in the third and fourth semesters and have been lab instructor for Power systems in the seventh semester of his under graduate programme at our college. Through my observation, I would like to say that he is a coherent and an industrious student. His assignments are neat and given a task he can complete with in the stimulated period.

He extended the same robust approach in the lab as well, where his continued experimentation with theory helped him obtain proficiency in concepts and ease in comprehending applications. In addition to this, I found him to be a good team player who helps his fellow peers complete the laboratory experiment. His exemplary leadership skills were evident when he led his team to conclude the laboratory mini-project. His presentations on the project represented him as a good presenter and demonstrated his knowledge regarding the subject.

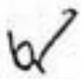

During my complete course of time with him, I was enamored of his explicit determination to manage course work, projects, and extra circular activities without losing his grades. I strongly believe that with this determination and perseverance, he will overcome every obstacle in his path and build on a bright career, where he will contribute considerably to the community.

Hence, I recommend him for the Master's program at your esteemed university to enhance his skills and achieve his goals with suitable financial aid.

LETTER OF RECOMMENDATION

I feel delighted to recommend Mr.MADITHATI GIRIJESH REDDY, a final year student of Computer Science and Engineering Department, at Siddhartha Educational Academy Group of Institutions. I have known him for the past 1 year during which I taught him courses on Cyber security in his 7th semester. In this year of time, I was allured with his grasping power and performances in competitive exams.

He is an independent, self directed person who is able to communicate effectively and meet even the most demanding challenges. He finished his assignments on time and his perseverance in the laboratory to finish the task made him one of my favourite students in the college. His perception to understand the subject is adorable. He earned some impressive grades in my subjects. I prefer students to take seminars in various topics and he shows a great amount of interest in research and has good oratory skills.

He is hardworking and technically savvy who is keen to learn and implement new ideas in his professional life. I was really impressed by his sound knowledge in various aspects of Computer Science. Eventually, he participated in many technical quizzes and programming contents during his graduation studies.

Further he is extremely articulate in speech and expression and bears a good persuasive and mature personality. Mr. GIRIJESH REDDY has a consistent record in all his semesters, which displays his perseverance. He has always been an independent thinker, striving to learn new things, while displaying huge promise through his penchant to delve beyond the scope of the curriculum. He has always kept himself updated regarding current developments while minutely examining all technical literature likewise.
